# FIRST TIME SPECTATING?

## READ ON FOR OUR BEGINNERS GUIDE

The Riponian Stages Rally is a round of various championships. It is a one day event run over three forest special stages that are all run twice, linked with non-competitive sections on the public highway. Competitors start each stage at minute intervals and the time taken to complete stage is recorded, at the end of the event the competitor with the lowest total aggregate time is declared the winner.

When spectating, Safety is the number one concern for everyone, you **MUST** listen to the marshals and follow their instructions at all times. If spectators do not comply with the marshals instructions and it is deemed that the stage is unsafe, it **WILL** be stopped and will not restart until it is deemed safe to do so.
